Rambler Dining Table

Third Bistro Table

Jackson Cafe Table

Jackson Chair

Rambler Chair

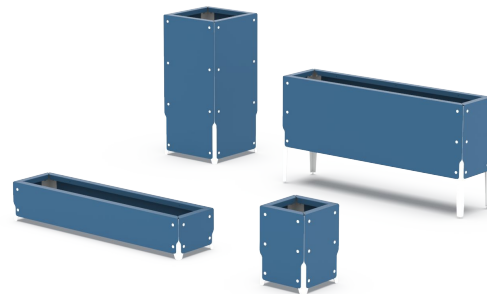

Peel Side Table

Peel Counter and Bar Stool

Broad Planter 48 / 72

Bolton Planter Family

## Rambler Picnic Table

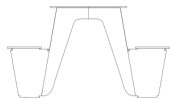

The Rambler range of picnic tables is inspired by the classic Picnic Table format: an intimate, yet informal place where people come together. Three distinct sizes provide three unique ways of gathering.

## Rambler Table 84

Refined proportions and room for eight guests make Rambler 84 a flexible option for gathering spaces.

Coated Aluminum | Slatted Ipe Top  
84.0L 52.5D 30.0H

## Rambler Table 60

This hardworking picnic table combines low-maintenance with high-impact furniture.

Coated Aluminum  
ADA Compatible | Accessories Available  
66.9L 51.9D 30.6H

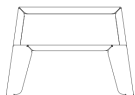

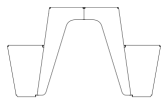

## Rambler Table 36

The Rambler 36 is a compact two-to-four person picnic table. The diminutive size provides a new tool for activating public spaces.

Coated Aluminum  
ADA Compatible | Accessories Available  
43.5L 51.9D 30.6H

## Rambler Dining Table

The Rambler Table continues the language of our Rambler series picnic tables in the format of a classic dining table. Contrast seams along the table frame reveal an underlying structural grid.

Coated Aluminum | Stone Top  
72.0L 31.6D 29.5H

**Cogito Coffee**

**Designer**  
Shiftspace Design

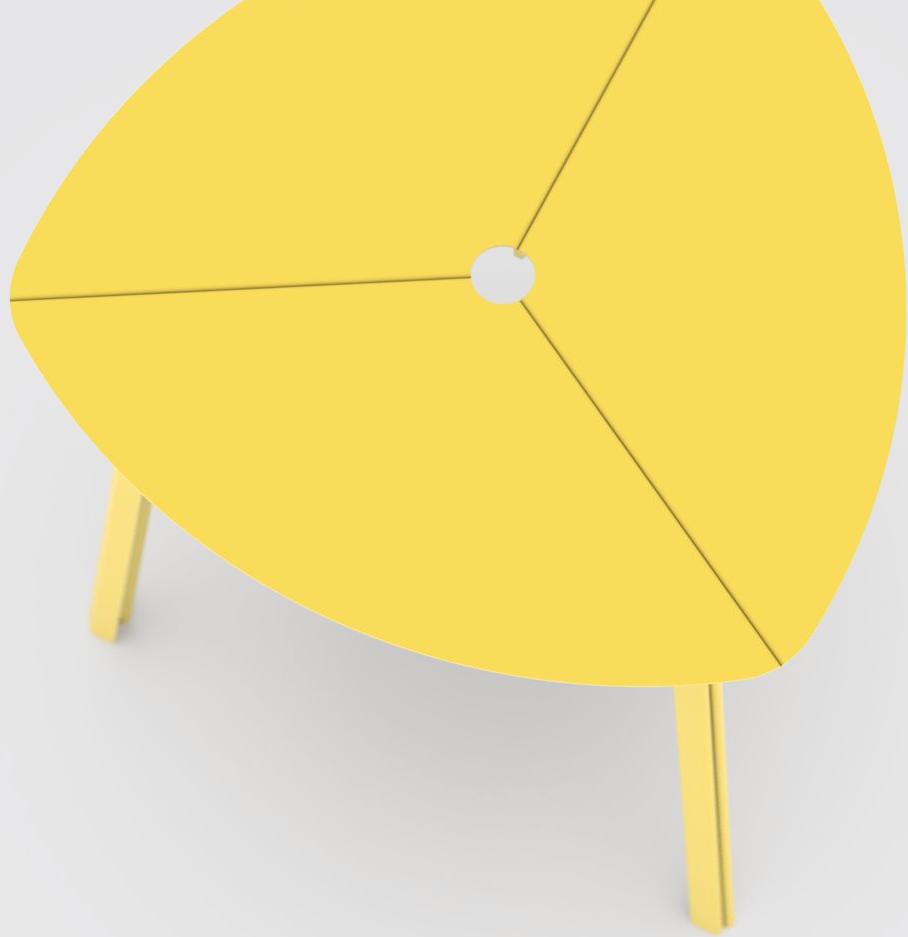

## Third Bistro Table

The three-pronged legs of the Third Bistro are formed from the same plane as the top surface, where an integrated umbrella slot brings shade.

Coated Aluminum  
27.5L 27.5D 29.7H

Shiftspace Design

## Jackson Cafe Table

An archetypal cafe table with a pedestal base. Brimming with personality, it features a planar table surface that floats above a sculpted base which then touches down on three playful feet.

Coated Aluminum  
28.0L 28.0D 28.0H

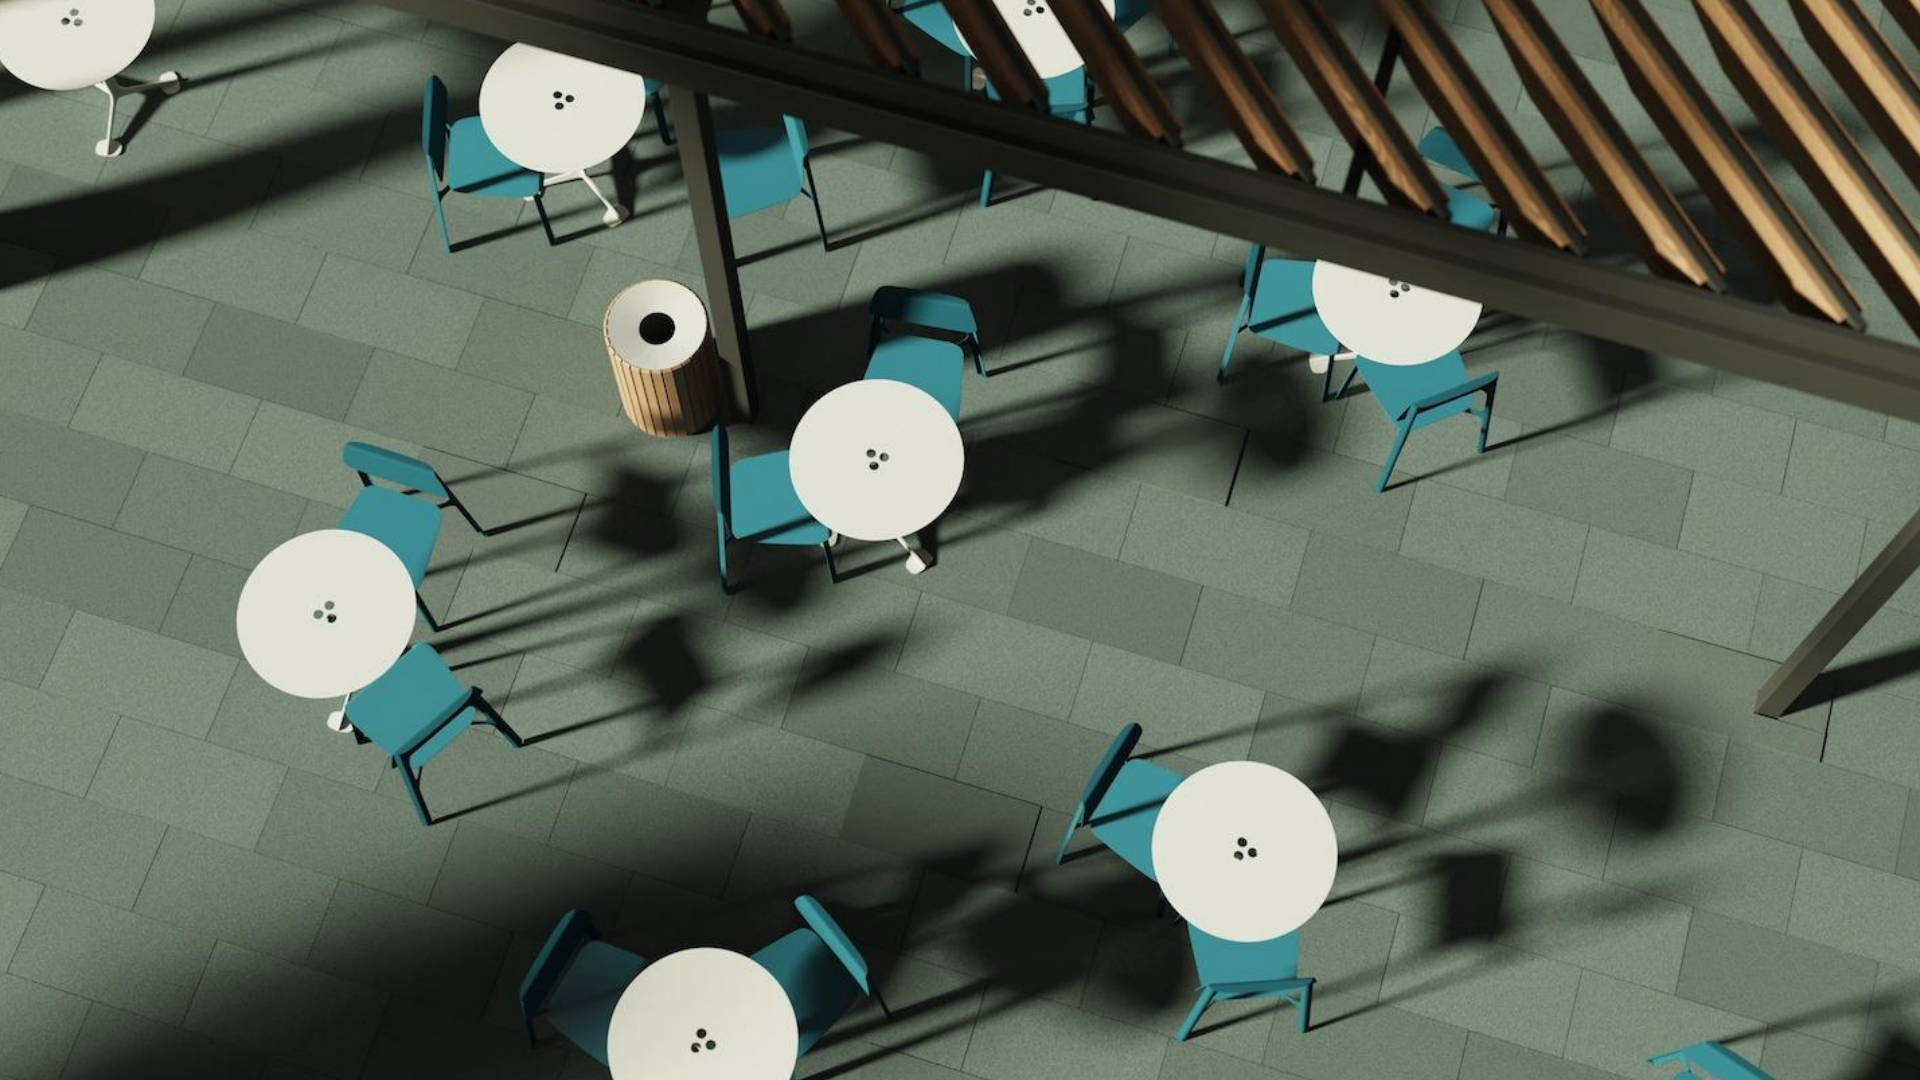

## Jackson Chair

An all-aluminum stacking chair designed for cafes and public spaces. An approachable chair underscored by comfortable proportions, functionality, and considered details.

Coated Aluminum  
20.3L 20.1D 31.2H

# Rambler Chair

Continuous curves define the coated aluminum base of this dining chair, which was developed for flexibility within outdoor and indoor dining environments.

Coated Aluminum  
20.3L 20.1D 31.2H

## Peel Side Table

Volumetric loops merge to form a coated aluminum side table base topped by marble.

Coated Aluminum | Marble  
16.0L 16.0D 18.2H

**Cogito Coffee**  
Philadelphia, PA

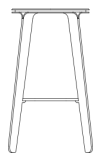

**Designer**  
Shiftspace Design

## Peel Counter + Bar Stool

Volumetric loops peel apart at the seat surface, revealing a welcoming perch at counter or bar height.

Coated Aluminum

Counter | 15.5L 15.5D 24.0H  
Bar | 15.6L 15.6D 29.0H

## Broad Planter 48 / 72

A substantial planter characterized by contrast elements that delicately end cap an otherwise rugged and broad vessel.

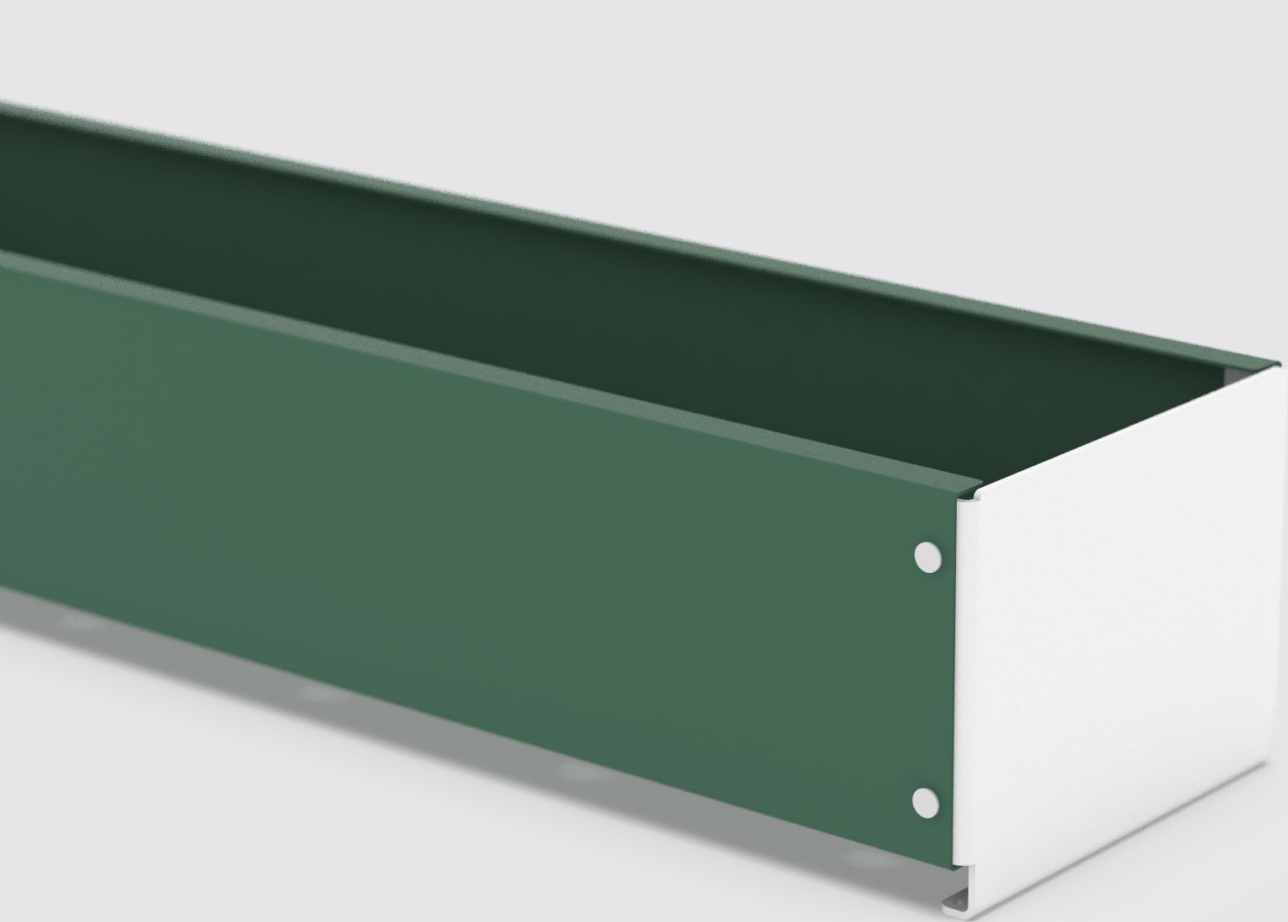

Coated Aluminum

48 | 48.0L 18.3D 14.0H

72 | 72.0L 18.3D 14.0H

Department**  
Philadelphia, PA

**Bud's Studio**  
Philadelphia, PA

**Designer**  
Shiftspace Design

## Bolton Planters

A family of planters characterized by their affection for the humble bolt. The collection is designed to pair together, creating dynamic outdoor barriers and landscaped edging.

Coated Aluminum

Aria Group

A close-up photograph of a modern chair's seat and backrest. The chair features dark-stained wooden slats with a visible grain, set against a clean, white, minimalist frame. The lighting is soft and directional, creating subtle shadows and highlights on the wood and the white plastic or metal components. The composition is a tight shot, focusing on the texture and geometric forms of the furniture.
